SUMMARY

Salesforce Developer with **3 years** of experience delivering HCM solutions, **10+** client customizations, and **5+** integrations. Skilled in **Apex**, **LWC**, **Visualforce**, and **Aura**, with proven impact in increasing automation efficiency by **30%** and boosting UI engagement by **40%**.

SKILLS

Technical Skills

Lightning Web Components, Aura Components, Visualforce Pages | SOQL | Web Development (Html5, CSS, JavaScript) | Apex Programming | Async Apex | System Integration (REST/SOAP APIs) | Flows

Tools and IDEs

Visual Studio Code | Git | Gearset

Soft Skills

Time Management | Effective Communication | Problem-Solving | Team Collaboration

WORK EXPERIENCE

Salesforce Developer

May 2024 - Present

ePeople Bespoke Consulting Pvt Ltd , Bengaluru

- Enhanced and customized modules of an enterprise **HCM product** on **Salesforce** for **10+ client implementations**.
- Developed solutions using **Apex**, **Visualforce**, and **Lightning Web Components**, and enhanced **Aura Components** to meet client-specific requirements.
- Integrated Salesforce with **5+ external systems** using REST APIs, enabling real-time data synchronization and increasing automation efficiency by **25%**.
- Built and deployed API integrations that reduced manual data entry for **200+ users**, improving data accuracy and saving **15%** processing time.
- Implemented optimized **SOQL queries** to retrieve and manipulate data efficiently, improving overall system performance by **30%**.
- Collaborated with functional consultants and clients to gather requirements, ensuring smooth delivery of tailored solutions.
- Performed **debugging**, **testing**, and **deployments** to ensure reliable system performance, and created clear technical documentation that improved onboarding and support efficiency by **20%**.

Salesforce Developer

Aug 2023 - May 2024

ERP Force India Pvt Ltd , Remote

- Designed, developed, and customized **10+ Lightning Web Components**, significantly improving UI usability and increasing customer engagement by **40%**.
- Built advanced LWC solutions featuring complex **data visualizations**, **dynamic form validations**, and modular component designs to meet diverse business requirements.
- Collaborated in **10+ design discussions** to optimize the **scalability**, **performance**, and **maintainability** of Lightning Web Component solutions.
- Integrated LWCs with Salesforce data and external systems using **Apex** and **REST APIs**, enhancing user experience by reducing loading time by **30%**.

Viraj Profiles Pvt Ltd , Mumbai

- Planned stainless-steel production processes and collaborated with shop-floor employees to gain deeper insights into key technical operations.
- Assisted in developing and implementing new processes using **SAP S/4HANA PPDS** and analyzing **BOMs**, resulting in a **10%** increase in production efficiency.

PROJECTS

Empowerment HCM (Enterprise HR Product)

- Contributed to enhancing and customizing **Recruitment**, **Performance Review**, and **Shift Management** modules for **2+ client implementations**, improving HR process efficiency by **20%**.
- Developed and maintained **Apex classes, triggers, Visualforce pages, Lightning Web Components (LWC), and Aura Components**, reducing manual workload for HR teams by **15%**.
- Integrated **Empower HCM** with **5+ external systems** (including biometric devices and Google Maps API), enhancing automation and improving data accuracy by **30%**.
- Designed and optimized **Flows** and **Approval Processes**, reducing approval cycle time by **25%**.

Immuneel – SAP Integration (Biotechnology Domain)

Apr 2025 - Aug 2025

- Integrated Salesforce with **SAP** to send quotation and purchase-request data, improving data accuracy by **40%**.
- Automated the refund process by sending refund-request details from Salesforce to SAP, reducing manual reconciliation by **30%**.
- Built a document-transfer mechanism to send Salesforce files to SAP in **Base64** format, enabling automated storage and reducing manual uploads by **90%**.

EDUCATION

Bachelore of Engineering: Jain College Of Engineering
Mechanical

CGPA:
7.98

Aug 2018 - Jul 2022

XII: SRA Composite Pu College
Mathematics, Physics, Chemistry

79.99%

Jun 2016 - Mar 2018

X: Poorna Prajnya English Medium High School
General Studies

91.2%

Jun 2015 - Apr 2016

CERTIFICATIONS

Salesforce Platform Developer I

May 2025 - Present

- Mastered Apex, user productivity.LWC and triggers deploying scalable solutions that resulted in 30% increase in system performance.

Salesforce Developer Virtual Internship

- Acquired expertise in Salesforce Fundamentals, including Organizational Setup, Types of Flows, and Security protocols and demonstrated expertise in Apex Testing and Debugging techniques, as well as LWC development.

ACCOMPLISHMENTS

- Coordinated a 12-member team in a national-level Go-Kart championship, achieving **AIR 3** at DY Patil Engineering College, Pune (2022).
- Represented my college at the **National Integration Camp** organized by Visvesvaraya Technological University (2018).
