CAREER OBJECTIVE:

A highly motivated Mechanical Engineer with a passion for technology and a strong foundation in engineering principles. Eager to leverage analytical skills, problem-solving abilities, and a detail-oriented approach in pursuing a career transition into software engineering. Seeking an entry-level role that enables the application of transferable skills from mechanical engineering to contribute effectively to software development projects. Committed to continuous learning and professional growth within the software engineering domain.

EXPERIENCE:

SMART INTERNZ:

Part Time |Aug 2023-Oct 2023| Hyderabad, India (Virtual)

Salesforce Developer Intern

My role includes developing custom Salesforce solutions, data management, Lightning component development, integrations, and code optimization. As a Salesforce Developer Intern, I'm deep-diving into the world of CRM, crafting solutions to boost business efficiency and user experiences. Collaborating with experienced professionals has been invaluable. Their mentorship is helping me grow every day. Proud to contribute to projects that positively impact clients' businesses, from workflow optimization to enhanced CRM.

Project 1: Retail Management Application Using Salesforce

- Created three custom objects: Warehouse, Sales Order, Dispatch/Tracking
- Defined fields and established relationships between custom objects.
- Created Validation Rule on the account object on the Phone field
- Created Trigger on Account to prevent duplicate name
- Created Flow to send an email to customer once the Order is confirmed
- Designed and configured a custom Lightning home page for the app.

Project 2: Formula 1 Championship Points Calculator App Using Salesforce

- Created eight essential custom objects: Driver, Team, Race, Race Result, Season, Championship Standing by Driver, Championship Standing by Team, Formula 1 Championships.
- Defined fields and established relationships between custom objects.
- Created a trigger on the Race Result object to calculate Formula 1 driver championship points.
- Developed a trigger handler class, RaceResultTriggerHandler, to manage point calculations efficiently.
- Validated logic for new race result record additions.
- Created a report named "Team Standings" for displaying Team Standings.
- Designed and configured a custom Lightning home page for the app.

VIRAJ PROFILES PVT LTD

Full - Time | Aug 2022 - Mar 2023 | Mumbai, India

Graduate Engineer Trainee

- Acquired knowledge of process and technical aspects of stainless-steel production and its equipment
- Assisted in the development and implementation of new processes and procedures, maintained accurate records of production, inventory and quality control data
- Monitored daily production activities and identified areas for improvement
- Increased the production efficiency by 10% by generating the production order with the help of SAP S/4 HANA PPDS software along with examining the BOM of the material code

EDUCATION:

Jain College of Engineering, Belagavi, Karnataka   **Aug 2018 - July 2022**

B.E | Mechanical Engineering | CGPA: 7.9/10

Project | Study of Tribological Properties of Ceramic Metal Composite

SRA Composite PU College, Banahatti, Karnataka   **Jun 2016 - Mar 2018**

Class XII | Percentage: 79.88%

Poorna Prajna High School, Rabkavi, Karnataka   **Jun 2015 - April 2016**

Class X | Percentage: 91.20%

CERTIFICATIONS:

- **Salesforce Developer Virtual Internship (August-October 2023)**
  Apex Programming · Visualforce Pages · SOQL · Validation Rules · Lightning Web Components · Salesforce.com Development · Salesforce.com Administration · Customer Relationship Management (CRM) · Object-Oriented Programming (OOP)
- **Tata Consultancy Services ESG Virtual Experience Program on Forage - August 2023**
  Understanding and analyzing client needs, assess sustainability solutions through a comparative analysis, Present a fitment matrix to the client

SKILLS

• **Software Development Methodologies**: Familiarity with Agile and Waterfall methodologies.

• **Data Skills**: Basic understanding of data manipulation languages. Familiarity with data modeling principles. Knowledge of data storage subsystems.

• **Programming Languages and Technologies**: Proficient in HTML, CSS, JavaScript, XML, SQL, and APEX. Experience with SOQL.

• **Salesforce Skills:** Proficiency in SOQL, Data Modeling, and Security Modeling.

• **Development Practices**: Understanding of test-driven development principles. Continuous learning and adaptability to new technologies and processes. Background in development with experience working in an admin environment. Demonstrated ability to contribute to creating efficiencies within systems, while performing automation & reduce L1 & L2.

• **Communication**: Basic oral and written communication skills.

SPORTS

- AIR-6 in the IKC Season-4 by Nexus Motorsports (2020), held in Mohite's Racing Circuit, Kolhapur.
- AIR-3 in the Auto India Racing Championship Season 5 (2022), held in D Y Patil Knowledge City, Pune.

ACADEMICS

• 1st prize in mime competition organized by National Service Scheme (2019)

PERSONAL DETAILS:

Name   : Basavaraj Chinchakhandi

Nationality   : Indian

Language   : Kannada, English and Hindi

Present Address   : Vinayak Layout Electronic City Phase-2 Shantipura, 2nd Main 4th Cross,

Bangalore, Karnataka-560100.

Permanent Address   : S/O Mohan Chinchakhandi Basav-Nagar 2nd Cross Mahalingapur, Bagalkot (Dist.),

Karnataka-587312.

DECLARATION:

I do hereby confirm that the information given above is true and to the best of my knowledge.

Place: Bangalore   Yours's faithfully

                                                                   Basavaraj Chinchakhandi
